

Hartley's

Women and Boy's Clothing Reduced 10 per cent.

Hartley's

Women's Wear Reduced 10 per cent.

Hartley's

A SWEEPING REDUCTION  
OF 10 PER CENT. ON ALL CLOTHING.

Includes all Men's, Young Men's and Children's Suits.

This reduction, coupled with the many Suits that have been selling at nearly half-price, ought to bring in many men and boys who haven't taken advantage of the CLEARANCE SALE. No clothing stock in town is as clean and fresh as this one. None offer you such low prices on stylish suits as this one. A 10 per cent. reduction here means 20 or even 25 per cent. elsewhere. To know this for a certainty, you've only to test it. Do it to-day. 3d floor.

**STYLISH SUMMER PANTS,**  
So cheap too.  
**\$1.45** for Pants formerly sold for \$2 and \$2.50.

**\$1.95** for Pants formerly sold for \$3 and \$3.50. They are light and dark colored Crash, and Homespuns—made a peg-top fashion, with turn-ups and belt-eyes. Trousers that look cooler and are cooler than those that belong to your summer suit.

**TWO MAGIC PRICES  
ON MEN'S SUITS,  
\$4.90 AND \$6.90!**

Former prices being \$7.50 to \$14. They are not old style or damaged, but clean, fresh suits and cheaper than you ever bought their equal. There are not all sizes left, but yours may be here—worth finding out, any way.

**FOOT NOTE**—In spite of the fact that Hartley's was the last store to announce a clearing sale, it has been the most successful ever held—both for our patrons and the store.

## LITTLE PRICES FOR WOMEN'S TAILORED SUITS

**\$5.90** for Suits formerly sold for \$8, \$10 and \$12.  
**\$7.90** for Suits formerly sold for \$13 to \$18.

**SOME LAWN AND LINEN SHIRT WAIST SUITS AT HALF PRICE.  
WOOL, WALKING AND DRESS SKIRTS AT HALF PRICE.**

None of these were ever bought to be sold at such reductions. They are nicely and stylishly made and every garment measures up to the Hartley standard. These suits should have brought their full price worth if the weather had been at all favorable. So take your choice and figure your own saving.

**\$1.75 FOR THOSE \$2.50**

**OXFORDS.**

Have you seen them? Just as stylish as any you have seen this season, and made just as well. Of Patent Leather and Kid, in Oxford and Sandal style and so very, very cheap.

**2 WASH WAISTS FOR ONE—WAISTS OF LAWN AND LINEN AT HALF.**

This is a collection of stylish Wash Waists, formerly sold for from 75c to \$2.50. All well made and perfect fitting, and should bring their full prices. But a Hartley clearance means a CLEARANCE, so they go at half price. 38c to \$1.25. 2d floor.

Next to Court House.

AUGUST  
HOT AND  
STORMY

REV. IRL R. HICKS GIVES OUT HIS  
PREDICTIONS FOR THE COM-  
ING MONTH.

Rev. Irl R. Hicks, of St. Louis, makes these predictions for August:

First period, regular, reaching from the first to the fifth. The first days of August will bring decided increase of storm conditions. A low barometer will pass eastward over the country, attended by great increase of warmth, all followed by many black and blustering storm clouds. Even to sections where only light rains fall, the first August period will bring very threatening clouds, with violent to dangerous summer squalls. Heavy rains will visit sections covered by previous rains at this period. Change to much cooler will follow in the wake of these disturbances, progressively from the west and north. Second storm period, reactionary, is central on the 8th and 9th. Terrestrial phenomena, for a period of at least two weeks, centering on the 10th. Falling barometer, increase of temperature, cloudiness and return of more or less storminess will be natural results on and touching the 8th and 9th. Under existing conditions, whatever perturbations arise at this reactionary period are very apt to be prolonged into the storm period next following. Third storm period, regular. The influence of this period will be felt from the 11th quite up to the 16th. Autumnal equinox of Earth may also be regarded as entering the problem at this period. One of the heated terms of the summer is one of the things to be expected about this period. It will come in with very high temperature. The warmth will increase and barometer will fall as we advance into the period, and by the 14th may be expected wide areas of violent electrical storms, in full sweep across the country from west to east. These storms will consume three or four days in making a transit of the country. They will be attended with heavy hail in western and northwestern sections. Change to rising barometer and cooler will naturally come in behind these storms. It is altogether probable that West Indian hurricanes will appear south of our coast and similar disturbances in many other parts of the Earth about this period. Such perturbations will almost certainly appear before the end of August, and no one need be surprised if they develop at this third storm period. About the 11th to 14th may also be considered a time of probable seismic and earthquake disturbances. Fourth period, reactionary, is central on the 19th and 20th. Very high temperature, low barometer and sultry, humid atmosphere will be natural at this period, and under such conditions intense electrical storms are very apt to occur. General thunder storms with phenomenal lightning, heavy gales and possible tornadoes, are among the results to be watched for over much of the interior country. A marked rise of the barometer and change to westerly winds and cooler will push the rear of those disturbances. Fifth storm period. Extends from the 24th to the 28th. Very general and severe storms will visit the interior parts of the country. The sectional conditions that have prevailed during the present

and past months will break down, bringing changes in the character of storms and general weather to all sections. More hail will fall in many places than for weeks past. Tornadoic storms in many localities should not surprise the intelligent students of these forecasts. Change to very cool nights will follow these general perturbations, especially should heavy equinoctial storms visit the south coasts, and induce corresponding storms out of the northwest. In such event, frost may follow to the north the last week in August along with the high barometer that will succeed the storms.

## FAIRVIEW.

Fairview is very quiet since the smallpox excitement is of the past, and Mayor Blaker seems to be looking for something to do.

There has been several new oil wells located in the Fairview oil field. Contractor J. A. Smith was a business visitor at Burton this week.

Mrs. Derlin and Miss Nelle Hall, of Fairmont, were the guests of Mrs. J. E. McBee, Wednesday.

Mrs. J. W. Taylor is visiting relatives at Bethany, Brooke county.

A. Hickok and wife were Fairmont visitors Tuesday.

Miss Cuba Hess, of Fairmont, is visiting relatives here.

Dr. H. S. Yost and 'Squire Ammons were at Rivesville Wednesday, electioneering.

Mrs. A. C. Graham will leave next week for the Fair at St. Louis, where she will be joined by her husband and they will afterward go to Nevada, Mo., where they will reside.

Mrs. Lloyd, of Fairmont, is visiting her brother, Eck Fleming here.

E. M. Smith has returned from Pittsburgh.

Mrs. F. W. Tidball has returned home from Butler, Pa., where she was visiting relatives.

Contractor Jas. B. McKain was taken to Cook's Hospital Sunday, sick with typhoid fever.

Mrs. Jas. Hess, of Fairmont, has returned home after a two weeks' visit with her mother, Mrs. M. A. Yost here.

Miss Frankie Chalfant is visiting relatives at Berlin, Lewis county.

Gus Mack, Koblegard's popular salesman, was here Tuesday.

E. J. Michael will leave for Pittsburgh Saturday, after spending a two months' vacation here.

Superintendent H. Knight, of New Martinsville, was a business visitor here this week.

Geo. Hatzell, of Farmington, and Misses Miller and Hatzell were registered at the National House Thursday.

Rev. D. H. Reid and family returned home Thursday from Harrisburg, Pa., where they have been visiting Mr. and Mrs. S. G. Preston for some time.

There will be services at the M. E. church South both morning and evening, Sunday, July 1st.

Must Be "Poose."

A rather indefinite article appeared in the Wheeling Register this morning stating that Pitcher Fleming, of the Wheeling Central League team, has been released. The dispatch is dated South Bend and the Fleming referred to is undoubtedly "Poose," but he was with neither Wheeling nor South Bend, but instead was supposed to have signed with Dayton.

GREAT  
ANXIETY

WAS FELT ON THE PACIFIC  
COAST OVER REPORT THAT  
THE KOREA HAD BEEN  
SEIZED BY RUSSIA.

SAN FRANCISCO, July 29.—After a day of the wildest excitement ever known on the Pacific Coast, caused by the apparently trustworthy report that the Pacific Mail Steamship Company's vessel, the Korea, had been captured by the Vladivostok squadron, the news was flashed under sea last night that the richest argosy that ever left those ports had reached Tokyo in safety. The great vessel and her cargo were valued at \$3,000,000. In addition, there lay in her strongboxes \$1,000,000 in silver and gold funds intended for the government of Japan. The vessel narrowly escaped seizure by the Russian raiders.

The fact that she carried freight undoubtedly contraband made it certain if the Russians once secured possession of the Korea she would be held as a prize and the whole cargo would be lost. She carried electrical machinery and railway material for the Japanese government besides a great amount of foodstuffs.

To Tom Taggart.

Tommy T.  
When the G. O. P.'s in clover,  
Tommy T.  
Then you'll sit around and hate  
At a flat two-minute rate  
Those who lured you to your fate,  
Tommy T.

MAY HAVE CARNIVAL.

Eagles Will Investigate the Swanson  
Sheridan Company.

N. C. Watts, the advance agent for the Swanson Sheridan Carnival Co., is in the city, and has arranged for a street carnival from the 22d to the 27th of the coming month. The amusement committee of the Eagles will go with Mr. Watts to Toronto, Ohio, and look over the shows, and if everything is satisfactory the carnival will show here on the above dates. There are 15 shows, a Ferris wheel and merry-go-round that comprise the carnival.

OUTLOOK  
BETTER  
TO-DAY

(Continued From First Page.)

permitting bonds, claiming the police had no right to his attitude in the matter. The language was quite strong, and the police inspector resented it by broadly stating that he thought he was well within his legal status, and further, if Shea or any other labor leader interfered with stockyard employees, they too would be promptly jailed. The inspector told the committee to go into court and test the case by applying for a writ of habeas corpus, but they were averse to taking this action. Finally Nicholas Gier, president of the local packing trades council, and with some political following, pleaded for Golden's release and the inspector relented. Golden was let go after Gier had signed a \$500 bond, and Golden agrees to stay away from his headquarters at 834 Root street, and not attempt any more interference.

PARKER WANTS  
SIMMONS

FOR TREASURER OF THE NA-  
TIONAL COMMITTEE—HE HAS  
SIGNIFIED WILLINGNESS  
TO SERVE.

NEW YORK, July 29.—It was learned to-day that a proposal that J. Edward Simmons, president of the Fourth National Bank, should become the treasurer of the Democratic National Committee and that Marshall Field, of Chicago, should be one of the members of the executive committee, was discussed at a conference held by National Chairman Thomas Taggart, Wm. F. Sheehan, August Belmont, Marshall Field, John P. Hopkins and several others at the Manhattan club Wednesday night. It has been settled definitely that Mr. Sheehan is to be the chairman of the executive committee and that August Belmont is to be one of its members. Senator Gorman probably will be another member and it is much desired by both Judge Parker and Mr. Sheehan that Marshall Field should be the Illinois representative on the committee.

Should Mr. Field decline to serve, the Illinois member of the committee will be James H. Eckels, former comptroller of the currency and now a Chicago bank president. Daniel J. Campan, of Michigan, also is understood to be slated for a place on the committee.

It is understood that when Mr. Belmont refused to permit the consideration of his name for treasurer of the committee Judge Parker concluded that his friend, J. Edward Simmons, would be the best man for the place and sent for him to visit him at Esopus.

Mr. Simmons was at Rosemont recently, and it is asserted that he expressed his willingness to serve as treasurer if the committee desired his services. The probability is that he will be chosen. The only other names mentioned in connection with the place are those of James M. Guffey, Pennsylvania, and John R. McLean, of Ohio.

EVANS  
WOULD  
LIKE JOB

PRESIDENT ROOSEVELT WILL  
SOON SELECT A SUCCESSOR  
TO ADMIRAL H.  
C. TAYLOR.

WASHINGTON, D. C., July 29.—One of the first matters which will engage the President's attention during his stay in Washington is the selection of an officer of the Navy to succeed the late Rear Admiral Henry C. Taylor as chief of the Bureau of Navigation.

This billet is considered the most important in the department, and there are many officers of prominence who are applicants.

Rear Admiral Robley D. Evans is said to be extremely anxious to become chief of the Bureau, but because of his action in the court martial cases of Paymasters Nicholson and Biscoe, when recently in command of the Asiatic station, it is doubtful whether he will be selected.

Secretary Metcalfe, of the Department of Commerce and Labor, is a relative of Paymaster Nicholson, to whom Admiral Evans administered a severe and harsh reprimand, and it is believed will use his influence to prevent Evans' appointment.

The other officers who are mentioned as likely successors of Admiral Taylor are Captain Bowman McCalla, Captain J. E. Pillsbury and Captain William Swift.

## PRETTY ROMANCE

A RICH YOUNG MAN FELL IN  
LOVE WITH A POOR YOUNG  
GIRL—AN INTERESTING  
STORY.

NEW HAVEN, July 29.—Considerable romance attaches to the wedding of Francis Edgar Talcott, son of James Talcott, vice president of the American Hosiery Company, and Miss Ada Blierly, a poor girl, who had been employed by the Parker Shirt Company, which took place on June 30, and which has just been announced. The elder Talcott, whose fortune is estimated at \$15,000,000 and who resides in New York City, sent his son here two years ago to learn the business of manufacturing knit goods. He started in the business at the bottom, and by hard work he was able to rise to a position in the shipping room, much the same as the son of a poor man in the mills. In the same mill, Miss Blierly was employed. They fell in love and their marriage followed.

When the elder Talcott was informed of what had happened he gave his blessing and also appointed his son to a lucrative position in his office in New York where "he will make enough money to support a wife," his father puts it.
